

TOWN OF NORTH HAVEN PART-TIME POSITION AVAILABLE

ASSOCIATE SEWER SUPERINTENDENT

The Town is looking for a responsible individual to help manage our Wastewater Treatment Plant and Sewage Collection System. Competitive candidates must be:

- Capable of operating a computer, so as to file reports, perform research, and take online training courses
- Ready to learn and adhere to State and federal wastewater discharge and treatment plant regulations
- Demonstrate a willingness to learn about and operate the chemical, electrical, and mechanical systems involved in wastewater treatment and plant operations
- Capable of lifting 75 pounds without assistance

An ideal candidate will have experience operating complex mechanical and electrical systems in a regulated environment.

The work schedule will be negotiated during the interview process. The Town will pay for training and maintenance of relevant certifications. Competitive compensation.

If interested, please contact:

Rick Lattimer, Town Administrator
